## The Simonton Difference.

**Service.** Simonton has always believed that service begins after the sale. For more than 65 years, outstanding service has been one of our most important hallmarks. Our delivery times are the most dependable in the industry. And Simonton delivers custom-made windows within one week.

**Warranty.** When you build a great window, you can back it with a great warranty. Our comprehensive Lifetime Limited Warranty is one of the best anywhere. And because even the best warranty is worthless if a company isn't around to back it up, you'll enjoy peace of mind in knowing that Simonton was here yesterday and will be here tomorrow.

**Energy Efficiency.** Simonton understands that saving energy is more important than ever. That's why our windows and doors are loaded with features for optimum thermal efficiency. The premium vinyl used in their construction is inherently an excellent insulator. Advanced Low E glass coatings, exclusive spacer systems, proven insulating glass units and Argon gas all work together to help ensure the best energy efficiency possible.

**SIMONTON**
